HOW TO FIND OUT

Fill a bottle or common glass with urine and let it stand twenty-four hours, a sediment or settling usually indicates an unhealthy condition of the kidneys. Too frequent desire to urinate, scanty supply, pain or dull ache in the back, should also convince you that the kidneys or bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills almost every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold urine, and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

The mild, pleasant and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful results in the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the El Paso Daily Herald. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GOVERNOR SAYS THE FIGHT CAN GO ON TO A FINISH

Reno, Nev., June 28.—The last lingering fear of interference in the big fight July 4 was swept away this morning when governor Dickerson arrived and personally announced to Tex Rickard that there is no possibility of interference.

Jeffries disappointed a huge crowd of spectators at his training quarters early this morning by announcing cheerfully that he did not intend to do any work today. Then he charged through the crowd and went up the road in a cloud of dust.

SUES RAILROADS FOR DAMAGING PROPERTY

John Hart Alleges That Drain Constructed Near Old Fort Bliss Was Faulty and Caused an Overflow.

A drain out of repair owned, it is claimed, by the Southern Pacific and O. H. & S. A., is the foundation for a suit for \$20,000 damages filed by John S. Hart, et al., against the two railroads in the 34th district court Monday afternoon.

He claims that on July 2, 1908, the railroad built a drain where their line crosses a gulch on the Shimo Hart property west of El Paso. The plaintiff alleges the railroad people at the time the drain was dammed up and the passages clogged with debris.

On April 8, of this year, his resignation was requested, and the request repeated on April 22. Bloch wrote the firm a letter resigning with the condition that the agreement regarding the stock was carried out. It is that time he had paid \$1570.67 on the stock, he says.

He further alleges that he received a letter in reply stating that the agreement had nothing to do with the firm or his resignation, but was a personal matter between him and Mr. Callisher. He also sets forth that when he wanted a commercial rating through Dun & Co. later on, when he went into the millinery business, that he sent Dun's representative to Mr. Callisher, who said that Bloch had nothing coming to him from the firm.
